PROFESSIONAL EXPERIENCE – 10.8 Years

TENERITY INDIA PRIVATE LIMITED (Pune) – Delivery Lead

April 2021 – Current (Scrum Master - Delivery Lead)

Projects' delivery and responsibilities

- Implemented and adapted Spotify Model in organization's core single product of rewards and cashback. Having best use of Tribes and Squads with chapters and guilds in team since it started in organization.
- Throughout this time worked and been part of delivery of 3-5 simultaneous projects, always. Resulted 6-7 successful projects delivery throughout tenure.
- In recent projects, part of transition towards SAFe and responsible for facilitating multiple scrum events including SAFe ARTs with onshore and offshore team.
- All projects consist of multiple squads from different tribes, I am responsible to represent the team in Scrum of Scrums (SOS) to coordinate and collaborate.
- Participation in roadmap grooming in form of epics, features, stories at product increment (PI) and iteration planning events.
- Facilitate team to come up with outcome to improve from ART event - iteration retrospective through quantitative and qualitative review.
- Focuses on helping and building ever-improving self-managed team.
- Active participant of Agile COP where all Scrum Masters connect and share what is working well with each other for continuous improvement.
- Preparing reports like Aging Chart, Monte Carlo simulation, Cycle time etc. via ActionableAgile Analytics and Product Roadmap Jira tool and facilitate in inspect and adapt event via those data.

MULTIDOTS SOLUTIONS PRIVATE LIMITED - Project Manager

April 2020 – Feb 2021 (Project Manager – Scrum Master)
June 2018 – March 2020 (Team Lead)

Projects' delivered values highlights

- Worked on rebuilding one of the topmost webhosting companies, having 500K sites under management with a 3 diverse team – servers, APIs, web dev.
- I responsibly managed an ecommerce site for a year with continuous increment of new deliverables every sprint, which increased 1600% in sales.
